PRICE LIST 2024

Price CHF *

We offer the choice between two formulas:

Profi Standard translation

Your translation is produced by an experienced and qualified translator. This translator only translates into his or her mother tongue and specialises in the area concerned. Before delivery, the translation is checked and proofread by us once again for formatting and by software for spelling, punctuation and hyphenation.

See below

Profi Plus translation

In addition to the above service your translation is proofread by another specialist translator so that it is read through with a fresh pair of eyes. The translation is not only checked for language but also for the accuracy of its content. We ensure that it is understandable and that its terminology and style are consistent
